Subject: Balance in Willamette Cleanup

I'm writing to encourage balance in the Willamette cleanup plan. We all support a plan that results in a river that provides habitat for fish runs and is safe for recreational uses. The river is also a key driver of Portland's economy. I hope that you'll factor in the important jobs the harbor provides, and the financial impact of cleanup costs to Portland's relatively small economy and its many small businesses.

Sincerely,

(b) (6)
